HAD PREMONITION
OF HIS DEATH ON
ENTERING SKIP

SHIFT BOSS CRASE FIRST PER-
SON KILLED IN GOLDEN
GATE MINE.

GRASS VALLEY, July 13.—Thomas
Crase, shift boss at the Golden Gate
mine on the afternoon shift, was
run over by a skip and killed short-
ly before six o'clock Saturday.

Crase went down to the 900 foot
level to shut down the pump and
after finishing his work there gave
the hoist-to-surface signal. When the
skip had traveled about 100 feet En-
gineer James Bennallack noticed an
unusual movement in the rope. He
immediately shut down the air com-
pressor and suspended all operations.
The men in the levels coming out to
investigate found Crase's lifeless body
on the rack, the skip over him.

Crase was accustomed to riding
on the ball of the skip, and although
no one witnessed the accident, the
most probable explanation is that he
fell from the ball, the skip passing
over him and crushing his life out.
There was no evidence that the skip
had been derailed before Crase was
thrown off, and there was evidently
no mistake in signals, as Crase had
traveled 100 feet or more before he
met his death.

A widow, two sons—Ernest and
Clinton—and a brother, J. H. Crase
all of this city, survive.

It is said that Crase had a pre-
monition of the accident and was fear-
ful when he went to work yesterday
afternoon.

Crase was prominent in fraternal
work, being a member of the Tu-
cent Order of United Workmen, and
the Knights of Pythias, including the
Uniform rank.

TWO MORE MEN
OF UNIVERSITY
LEAVE STATE

Prof. George J. Young, head of the
MacKay School of Mines at the Uni-
versity of Nevada and a leading min-
ing expert of the country, has resign-
ed to accept a position as professor
of mining and metallurgy in the Uni-
versity of Minnesota.

Couple with this announcement
comes that of the resignation of W.
S. T. Smith, professor of geology
and mineralogy, making the ninth
member of the University faculty to
sever connection with the institution
this summer. Prof. Smith's resigna-
tion was not unexpected. He is in
poor health and expects to remain in
southern California.

A man may be temporarily placed
in charge of the mining school in
order to give plenty of time in which
to find a successor to Prof. Young.
In 1910, when Prof. Young spent a
year abroad in company with Prof.
Peter Prandsen, Prof. Huntley, a San
Francisco mining expert, was in
charge of the mining school.

It develops that the university
made an effort to secure G. O. Lou-
derbach, associate professor of geol-
ogy of the University of California,
who has been doing government work
on the coast to take the position of
geology vacated by Prof. Smith, but
was unsuccessful, although a sub-
stantial salary offer was made. Prof.
Louderbach was formerly connected
with the University of Nevada.

Prof. Young's departure is due to
the fact that the former head of the
University of Minnesota's mining

AGRICULTURAL
EXPERT OFFERS
FREE ADVICE

PROF. MERRILL WILL ANSWER
ALL QUESTIONS ADDRESS-
ED TO HIM.

Prof. Lewis A. Merrill, for many
years in charge of the extension work
for the agricultural college of Utah,
has been employed as agricultural
expert for the San Pedro, Los Ange-
les and Salt Lake railroad, with head-
quarters at Salt Lake City, Utah.
Mr. Merrill's field of operation will
extend over the lands tributary to
the San Pedro, Los Angeles and Salt
Lake railroad between Salt Lake
City and Los Angeles.

The agricultural expert will answer
any inquiries relative to any phase
of agriculture or horticulture, and
will address personal letters to any
inquirer relative to any problem he
may have in his orchard, vineyard,
with his dairying, field crops, hogs
or poultry; also offer suggestions as
to the best methods of dry farming,
the crops that should be selected,
time and rate of seeding, and will
give advice relative to irrigation
methods.

MUST LECTURE TO KEEP
WOLF FROM DOOR

HENDERSONVILLE, N. C., July
15.—While lecturing here yesterday
Secretary William J. Bryan declared
he was compelled to deliver chau-
faqua addresses to supplement his
government salary, which he declared
was not sufficient to meet his ex-
penses.

---how much
Is A "Regular Customer"
Worth to Your Store?

Suppose you could BUY 100 ad-
ditional REGULAR CUSTOMERS
during the next week or two—cus-
tomers who, for years and years to
come, would make a MAJORITY
of their purchases of goods in your
line at YOUR STORE?

What would each of these 100
customers be WORTH to you?

It is, we think, quite likely that if
such an investment were possible,
you'd eagerly pay TWICE AS
MUCH as it would cost you to se-
cure these 100 REGULAR CUS-
TOMERS through an advertising
campaign big enough and aggressive
enough to really make people
ACQUAINTED with your store!

ASSESSMENT NOTICE.
UMATILLA TONOPAH MINING COM-
PANY. Location of principal place of
business, San Francisco, California. Lo-
cation of works, Tonopah, Nye County,
Nevada.

Notice is hereby given that at a
meeting of the Board of Directors,
held on the 13th day of June, 1913, an
assessment (No. 2) of one (1) cent per
share was levied upon the capital stock
of the corporation, payable immedi-
ately in United States gold coin, to the
Secretary, at the office of the com-
pany, Room 265 Russ Building, San
Francisco, California.
Any stock upon which this assess-
ment shall remain unpaid on the 15th
day of July, 1913, will be delinquent
and advertised for sale at public auc-
tion, and unless payment is made be-
fore, will be sold on MONDAY, the
15th day of August, 1913, to pay the
delinquent assessment, together with
the cost of advertising and expenses
of sale.
By order of the Board of Directors,
CHARLES D. O'KEY, Secretary.
Office—Room 265 Russ Building, San
Francisco, California. 114-115
